

Ah the joy of fishing....

Please support us as we bring that joy to many children with special needs.

C.A.S.T. is holding a day of fishing at Lake Folsom on Sunday, July 23, 2017. This C.A.S.T for Kids event will provide children with disabilities, age 5 – 17 to enjoy a quality outdoor recreational experience through the sport of fishing.

To help these children with special needs take to the water for an unforgettable morning of fishing and boating we need your help.

Your donations – boats, equipment, funds – will help us provide these special needs children with a day on the water that they might never be able to experience.

For more information or to donate, please contact: Todd Stanley, 707-239-0957; todd@castforkids.org
